

CHRISTIAN CONFERENCE TRUST – COVID-19 GUIDELINES

Enabling you to conference with confidence

We have made some important changes at our centres to ensure a seamless stay and the continued safety of all guests and staff.

In conjunction with the latest government guidelines, we will ensure that all delegates will be able to benefit from participating in events with as little disruption as possible.

Highly trained staff

All our staff will be thoroughly trained to be able to serve you in a safe and welcoming environment. They will be equipped with personal protective equipment (PPE) and will follow strict guidelines for cleanliness.

Taken care of from the moment you arrive

All guests will be temperature checked with a simple non-contact thermometer and we will have a supply of personal protective equipment (PPE) for each guest should they require gloves or a mask.

Constant cleaning

We will sanitise all room cards or keys, issue disposable lanyards, provide a new biodegradable bag in each room for towel disposal and increase our guest to staff ratio to ensure that we can provide constant cleaning.

Space for all

Our conference centres are large and benefit from lots of space, both inside and outside. We will be able to ensure that all delegates can visit us and still be able to observe the required social distancing.

We will implement a one-way system which will be clearly marked and will allow for separation between guests as they move around centre.

We will reconfigure meeting rooms, coffee points, lounges, and dining rooms to fully comply with social distancing guidelines.

Great food in a safe environment

We will still be serving up delicious meals but we'll be making a few small changes to the dining room. There will be no self-service, staff will plate up your choice of meal behind a Perspex screen. Lunches, salads and desserts will be pre-packaged.
